I was really hurt, I was really scared
I never thought I could come out of there
Cause all the things you feel
Can become your prison
Nothin' is for real
And that's was it was for me

So long I treid to recover
It was to long
Before I discoverd that I

Could have seen threw my heart
Could have seen what was real
You gave me your hand then you pushed me over
Could have read my mind,
No, I was to blind
I gave you a chance and you blew it
I'll go on

Anytime of two, many things to do
When you need to go the only way
Is the one you walk, without any doubt
The one you choos to take, when it's dark inside

So long I treid to recover
It was to long
Before I discoverd that I

Could have seen threw my heart
Could have seen what was real
You gave me your hand then you pushed me over
Could have read my mind,
No, I was to blind
I gave you a chance and you blew it
I'll go on

My head is trying to be stronger
then my own heart that's carrieing the hunger
For love, for love, for love, for love

I'll go on
I'll go on, yeah

I'll go on
I'll go on

Could have seen threw my heart
Could have seen what was real
You gave me your hand then you pushed me over
Could have read my mind,
No, I was to blind
I gave you a chance and you blew it
I'll go on (and you blew it)
I'll go on (ohh)
I'll go on (couse you blew it)
I'll go on...
