I, I didn't mean for you to
make the sacrifice
Can hardly believe there is no way
to compromise
It happened to suddenly
tonight

Why, why didn't we find another
way to make it right
Isn't it sad to say the word
goodbye
Well now I see
finally

In a different story
love never ends
In a different story
we won't pretend
In a life
In a world
In a heaven on earth
In a different story
love comes first

Hush, dont say a word about it now,
just let it go
It's not impossible
This I know
Cause now I see
Finally

In a different story
love never ends
In a different story
we won't pretend
In a life
In a world
In a heaven on earth
In a different story
love comes first

I can't believe it
Baby, we got defeated
I can finally see

In a different story
love never ends
In a different story
we won't pretend
In a life
In a world
In a heaven on earth
In a different story
love comes first

In a different story
love never ends
In a different story
we won't pretend
In a life
In a world
In a heaven on earth
In a different story
love comes first
