IT'S OVER

Sitting here starring at the wall
The tvs on but i don't care at all.
So hard to breath
It's like Im filled with fear
Caught up in thoughts of where
to go from here

REF: So now I'm of to anywhere - anywhere
As long as it is far away from here
Theres nothing left here anyway - anyway
No one's to blame - No more keeping score
Im out the door
It's over

I always thought that somehow
we'd survive, But in the end we
both know this is right
Althought it hurts we're better off alone
Cause what's the use in trying to hold on

REF: So now I'm of to anywhere - anywhere
As long as it is far away from here
Theres nothing left here anyway - anyway
No one's to blame - No more keeping score
Im out the door
It's over

One day at a time
I know It will get easier
I'm gathering what's mine
One day at a time

REF: So now I'm of to anywhere - anywhere
As long as it is far away from here
Theres nothing left here anyway - anyway
No one's to blame - No more keeping score
Im out the door
It's over

REF: So now I'm of to anywhere - anywhere

As long as it is far away from here
Theres nothing left here anyway - anyway
No one's to blame - No more keeping score
Im out the door
It's over
