There's a spirit inside us all, baby
That needs to fly away and smile
And in your dreams you can be it
Be prepered to leaving maybe just a while

Power of life, has land in tonight
And if you don't get here in time
You'll have to wait,
For a thousand of years to go by

So I was saying, let's start dreaming
And it could all come true today
Cause it's all up to you now
You've got the message, hear me when I say

Power of life, has land in tonight
And if you don't get here in time
You'll have to wait,
For a thousand of years to go by

If you open up your senses
You will feel it in the air
Now you heard it's coming, it's coming,
It's coming your way

Power of life, has land in tonight
And if you don't get here in time
You'll have to wait,
For a thousand of years to go by

Power of life, has land in tonight
And if you don't get here in time
You'll have to wait,
For a thousand of years to go by

Power Of Life
