Someone's crying out there  
At a crossroad in the dark  
Reaching out for nothing  
Like an arrow through your heart

Wait until tomorrow  
When the angels save your soul  
Told to be to careful  
It's your destiny, your goal

All those people leaving you behind  
No-one out there should ease your restless mind

So, how is this a good life?  
Is there a place where I belong?  
Girl, I know that you can save me  
So, how is this a good life?  
Oh, I know I can't be wrong  
'cause I know that you can save me

Can't you hear me crying  
for these clouds to disappear  
Running round in circles  
when I should really face my feares

All those people waiting all their lives  
No-one out there should ease your restless mind

So, how is this a good life?  
Is there a place where I belong?  
Girl, I know that you can save me  
So, how is this a good life?  
Oh, I know I can't be wrong  
'cause I know that you can save me

And a fool can have his day  
Get a grip and walk away  
(someone's crying out there)  
So take my hand and hold on strong  
'cause this is not where we belong

So, how is this a good life?

Is there a place where I belong?  
Girl, I know that you can save me  
Ooh, yeeah  
So, how is this a good life?  
Is there a place where I belong?  
Oh girl, I know that you can save me  
Because I know that you can save me  
Because I know that you can save me
