SHE LOVES ME

She got a smile
I can light up the sky
And when she looking at me
I see my future in her beautiful eyes
It's almost hard to breath

REF: When I hold her in my arms
I know I'm right at home
When it's cold she kiss me warm
it feels so good to know
She loves me
Just as I am
She always understand
I know what ever life be
She loves me
She loves me

I wanna wake up each
day of my life
And found her there by my side
Cause without her
theres no reason to live
Theres no one else I see

REF: When I hold her in my arms
I know I'm right at home
When it's cold she kiss me warm
it feels so good to know
She loves me
Just as I am
She always understand
I know what ever life be
She loves me

I wanna give her the world,
but it's not enough
I wanna give her my own
and it's all because
She loves me

Just as I am
She always understand
I know what ever life be
she loves me
just as I am
She always understand
I know what ever life be
She loves me
Justa as I am
She loves me
She loves me
