I never used to care about tomorrow....no no
Living day to day without a trace..ohoh
Whatever I did it just felt hollow..ooh
feeling incomplete in every way..oohh

And there you stood in front of me ooh
Like a vision to set me free

And she said
I can make you see aaah
If you just open up to me aaah
'Cause when you came into my life
I went from darkness to light
And you said
Open up to me aah
Just for me

Where ever this may take me I will follow oh
There's nothing here to hold me anyway oh no
Cause I can do without the pain and sorrow
I rather be alive than fade away

And there you stood in front of me
Like a vision to set me free

I can make you see aah
If you just open up to me aah
When you came into my life
went from darkness to light
And you said
open up for me aah
just for me

ooh

she said I can make you see
wohooohh
(if you just)open up to me
wohooohh
Came into my life
went from darkness to light

open up for me aaah

she said I can make you see aaah
If you just open up to me ahhh
When you came into my life
I went from darkness to light
Open up for me ahhh
Just for me
