Tight blue jeans and lipstick on
she puts her spell on everyone
down and down and down they fall
she walks on

High heels walking uptown though
And every guy will try to look
down and down and down they fall
she walks on

ref.

She's got you rapped round her fingers
expecting you to linger
oh and she walks on
She knows what shes got shes a teaser
you never gonna please her no
and every time you try she turns away
And don't you know shes never gonna change
She walks on

A milloion dollar perfect face
but instead of hard and empty space
down and down and down they fall
she walks on
a poison mind will make you drop
she used you up like a papercup
down and down and down they fall
she walks on

ref.

She's got you rapped round her fingers
expecting you to linger
oh and she walks on
She knows what shes got shes a teaser
you never gonna please her no
and every time you try she turns away
And don't you know shes never gonna change
She walks on

And you will never see her cry
and you will always wonder why
shes got you rapped round her finger

ref.

She's got you rapped round her fingers
expecting you to linger
oh and she walks on
She knows what shes got shes a teaser
you never gonna please her no
and every time you try she turns away
And don't you know shes never gonna change
She walks on
