We've had some good times
We've laughed and we've cried
Like kids on a holiday
So free
Partners in crime
Like Bonnie and Clyde
In our own hide-away

The castle we built was made of sand
The walls fell apart with the tide

Somebody mentioned your name
In some caf ©
It happened just the other day
It's strange how it all came back again
It's hard to explain, but I still love you

Once, upon a time
I won't forget
You were my sweetest pain
And now, I've had a sign
Like Scarlet and Reth
I'm sure we will meet again

So if you believe in fairy tales,
then all will be well in the end

Somebody mentioned you name
In some caf ©
It happened just the other day
It's strange how it all came back again
It's hard to explain, but I still love you

I nearly fainted when I heard your name
And knew my eyes would betray me
From now on nothing will be the same
I just can't go on without you

Somebody mentioned you name
In some caf ©
It happened just the other day

It's strange how it all came back again
It's hard to explain, but I still love you

I still love you
It happened just the other day
It's strange how it all came back again
It's hard to explain, but I still love you
