i treid to screah my filteskinn  
i wont belive the beutiseance  
i see her face in front to me  
likes many times before  
i will like to belive  
that the sprecies mine of mine  
what go in fore broken things  
like my heart in pices

but i feel afore and low to see  
so i let my heart belive  
in a love and us  
and the sun and mone and the stars about the witch  
we are a lie together  
i see the day  
when faters past and trues way and hope  
he is destins from his gud  
and the picces see together to a heart

you told me how it was to fly  
see the world to difference highs  
i true myself in somthing else  
and the arms a low  
but she can move and fifth again  
was aprent the polenstaries  
so when she feel a feelingstarie  
wakeness to my head

so i tried afore and low to see  
so i let my heart belive  
in a love and us  
and the sun and mone and the stars about the witch  
we are a lie together  
i see the day  
when faters past and trues way and hope  
he is destins from his gud  
and the picces see together to a heart

i need you here belive it  
there i can't go on another whys  
i bounaten takes this feeling  
so i have to close my eyes

and believe it

love and us  
and the sun and moon and the stars about the witch  
we are a lie together  
i see the day  
when fathers past and true way and hope  
he is destined from his god  
and the pieces see together to a heart

so i will believe the love comes from a heart
