I can say I love you
but the words would be untrue
And you can hide the anger
that's breaking you in two
We can use our passion
to burn away our pain
Either way, we'll always be the same

Cause you being you,
And me, being me
We live inside ourselves, incomplete.

Where we are
is all alone
We seem to be lost in the darkness,
the wind, and the rain and the cold
where we are
the love has died
Nothing but promises, is broken
in pieces that turns, into lies.
Where we are.

We both have our reasons
why the feeling somehow change
And we can swear we're leaving
but we both are to afraid
Trading our tomorrows
for an empty yesterday
Look at us we're trapped inside
this place

Cause you being you,
and me, being me
we live inside ourselves, incomplete.

Where we are
is all alone
We seem to be lost in the darkness,
the wind, and the rain and the cold
where we are
the love has died
Nothing but promises, is broken

in pieces that turns, into lies.
Where we are.

Why do we keep holding on
When the love we knew is gone
Somehow we both just missed our falling star

Where we are
is all alone
We seem to be lost in the darkness,
the wind, and the rain and the cold
Where we are
the love has died
Nothing but promises, is broken
in pieces that turns, into lies.
Where we are.

Where we are.
