# "Whis I Was An Angel (Martin Olsen)"

Visit "[Whis I Was An Angel \(Martin Olsen\)](#)" on MotoLyrics.com

Sitting down this life alone, trying hard to find your  
home  
Some will say you got it made and some will say your  
not that strong  
So take your time and think a lot cause you don't know  
what you have got  
No ones there besides you when you cry

Ref.  
Wish I was an angel passing by  
a dreammaker at night  
Wish I was an angel in your life  
carry you through

You have been so many times not that wise and just  
quite kind  
Some will say you got it made and some will say your  
not that kind  
So take your time and think a lot cause you don't know  
what you have got  
No ones there besides you cry

(ref)

Well stars may comfort you, but they don't know what  
you can do  
And love will see you through and find a way to what is  
you

Ref

Wish I was an angel  
a dream  
Wish I was an angel in your life  
carry you through (carry you through)  
carry you through ( carry you through)  
to what is you
