I come from the land where the mullet attacks,  
Business up front,  
Party in the back,  
You gotta style in the south when your stepping out,  
Put a gold tooth in your mouth,  
Look at you now,  
Tank top, your ball-cap, you think your all that,  
But your looking like Scott Stapp,  
Your just another redneck from back in the woods,  
Not a Kountry Gentleman that can bring the goods

[Chorus]

My mama raised me in the dirty south,  
A Kountry Gentleman,  
So you best watch your mouth,  
My mama raised me in the dirty south,  
A Kountry Gentleman,  
That's what it's all about

IROC-Z, got an eagle on it  
Rolling on some 12's  
Don't you know I'm gonna flaunt it,  
Am I driving too fast for you now?  
Backfire!  
The muffler goes Ka-pow!

Now that I got your attention,  
Just let me mention that I'm pinchin' pennies,  
To buy some 20's,  
Cause I got plenty's and many's of money's just to give  
to my friends,  
And that would certify me as a Kountry Gentleman  
Brrrrr,

Mama, what you got cookin' up in that kitchen?  
Cookin' fried chicken?  
'Cause you know I love that soul food,  
Everything you cook is so good,  
For a southern man like me,  
You gotta cook it up clean, cook it up mean,  
Mama don't like it when you got leftovers,

Gimme me some of them collard greens,  
Got me some grub and I gotta go,  
Down to the Grocery store,  
Tailgate party at the Pig Wig,  
Jumpin' up and down in the back of a truck bed,  
Look at that kid tryin' to act all big,  
Tried to break-dance and broke his leg,  
He ain't got what I got,  
Let's make it hot in this parking lot

[Chorus]

My mama raised me in the dirty south  
A Kountry Gentleman  
So you best watch your mouth  
My mama raised me in the dirty south  
A Kountry Gentleman  
That's what it's all about

[Breakdown]

The dirty dirty south [x2]

Watch what you say around my mama!  
She raised me in the dirty south!  
I said watch what you say around my mama!  
She raised me in the dirty south! [x2]

[Chorus x2]
