Seems a little bit odd when you think about how the way  
he used to  
Certain things that you did when you were with me but  
not with him or are you?  
Looking for a purpose in the time we spend with me  
you argue  
I don't want to be the man you used to have but in a  
brand new forum

So many times I let this go  
But I won't let you do this

You tried to turn me into him  
I will not stand for this again  
I've held my thoughts inside my head  
But now I'm leaving

I was hoping maybe things would change but I guess  
it's just the way you are  
Even if you understood I feel like everything would  
carry on  
See the little thing you're looking for it's not in me and  
you won't find it  
He's the one you really want, it isn't me, you know you  
can't deny it

So many times I let this go  
But I won't let you do this

You tried to turn me into him  
I will not stand for this again

I've held my thoughts inside my head  
But now I'm leaving

Seem to think you've got it right this time  
This is never gonna be alright  
I don't think you understand that I will never be the man  
that you need  
Wanted me to be the only one  
Couldn't live up to the chosen one  
Sick of all the little games you play

And now I think it's time that I leave

So many times I let this go  
But I won't let you do this

You tried to turn me into him  
I will not stand for this again  
I've held my thoughts inside my head  
But now I'm leaving
