I love you or so she says
As she stops her thoughts and turns her head
I guess I am not supposed to care
Well I'm no good, I don't belong
I don't know how I made it this far alone
I should not be here today

And she falls down trying
Yeah she falls down crying
And she tells me that she does it all for me

When the clouds come and the rain falls
When there's nothinn' here to hold on
Will I be there is the question from you

Understood, so afraid
As I stop myself and throw my thoughts away
You don't know the way I feel
See I'm no good, I don't belong
I don't know how I made it this far along
I will not apologize

And she falls down trying
Yeah she falls down crying
And she tells me that she does it all for me

When the clouds come and the rain falls
When there's nothing here to hold on
Will I be there is the question from you

When you look to me, you know I will be there
And I hold on to the feelings we both share
No, I won't let go, I'll catch if you fall

When the clouds come and the rain falls
When there's nothing here to hold on
Will I be there is the question from you

When the clouds come and the rain falls
When there's nothing here to hold on
Will I be there, is the question for me
