Make a big deal of it

You spit that trash up on me
I'm dodgin' sticks and stones
You fly off at the handle
You crash like Dow Jones

Unstoppable
Drop droppable
Beats like bubble wrap
Pop pop poppable

Ya ain't got it, Well then you want it
Yes we got it, Yeah we flaunt it

Oh so dope
Y'all know what I'm sayin'
Oh oh so dope
Son you know I ain't playin'

Can ya feel it, feel it
Ears drums gettin' love, can ya feel it
Can ya feel it, feel it
I feel, you feel, make a big deal of it
Hey, yeah, feel it
Hey, yeah, feel it
Hey, yeah, can ya feel it
I feel, you feel, make a big deal of it

You're powers are useless
You're bark and, no bite
Your Haterade is pourin'
It tastes like Krypto-Light

Name-droppable
Non-stoppable
Script flipped so hard
That I'm now unstoppable

Ya ain't got it, Well then you want it
Yes we got it, Yeah we flaunt it

Oh so dope
Y'all know what I'm sayin'
Oh so dope
Uh-uh, I ain't playin'

Can ya feel it, feel it
Ears drums gettin' love, can ya feel it
Make 'em feel it, feel it
I feel, you feel, make a big deal of it
Hey, yeah, feel it
Hey, yeah, feel it
Hey, yeah, can ya feel it
I feel, you feel, make a big deal of it

Hey, worldwide, southside
Uh, worldwide, uh, uh, southside

I'm the number one gun son
Bullets come down in da millions
I'm blowin' up like Bubble Yum
All the way from Tokyo to London, yeah

Can ya feel it, feel it
Ear drums gettin' love, can ya feel it
Can ya feel it, feel it
I feel, you feel, make a big deal of it
Hey, yeah, can ya feel it
Hey, yeah, feel it
Hey, yeah, can ya feel it
I feel, you feel, make a big deal of it
