"Face Down"

I shut my eyes in search of sleep
Tossed and turned and hoped for dreams
Awakened by Your voice, what was so clear
It felt so near to me
I want Your love, I need Your touch

I've been missing You so much
I reach out for Your hand
And now it feels like I am falling
Down, down, down
Till I kiss the ground, ground, ground

Falling with my face down
I'm giving up me, myself and I
It's a bittersweet taste
To swallow my pride

Now face down is where I stay now
If You see me standing up again
Just knock me back down
So I can live face down

I'm on my face again
It's where I should have been
It brings me back to where I found You
Where I first fell for You
No more depending on myself

It's You and me and no one else
You stretch out Your hand
And now it feels like I am falling into
Love, love, love
Can't get enough of love

Falling with my face down
I'm giving up me, myself and I
It's a bittersweet taste
To swallow my pride

Now face down is where I stay now
If You see me standing up again
Just knock me back down

So I can live face down

Love, love, love
Can't get enough of love

Falling with my face down
I'm giving up me, myself and I
It's a bittersweet taste
To swallow my pride

Now face down is where I stay now
If You see me standing up again
Just knock me back down
So I can live face down

I've got to live face down
I've got to live face down
I've got to live face down
Face down
I've got to live face down
