Chumba wumba gobbledy goo  
Life isn't fair  
Its sad but its true  
Chumba wumba gobbledy gee  
When your poor legs are stiff as a tree

What do you do when your stuck in a chair?  
Finding it hard to go up and down stairs  
What do you think of the one you call god?  
Isn't his absence slightly odd?  
Maybe he's forgotten you

Chumba wumba gobbledy gorse  
Count yourself lucky your not a horse  
They would turn you into dog food  
Or into chumba wumba gobbledy glue
