I had a dream, it's all about you - Meg Griffin.
Not much you can do - Meg Griffin.
You can't dance, you can't sing,
No you pretty much can't do a thing.
Never fear, Dad is here.

Honey you're gonna make our name famous,
You'll be larger than life.
I'll be glad you fell out of my wife.

You'll be known, far and wide,
Like that Princess who died.

I'm gonna make you famous, wait and see

Honey I'm gonna do this for you,
But it's really for me.
