The time, has come for me to hide
My innocence I owe this all to you
Deceit and lies, dark visions of the past
At 17 I was forced to live my life so fast

Grabbed you by the throat
It's time to take back control
Unlike yesterday, nothing's in my way

So sick and tired of waiting for answers
Can't take it anymore
You won't break me down
And now I crown you the King of Lies
That's something that I bet you recognize
Who will save you now
Who will save you now

The past, I had felt dead inside
And I would relinquish self control
The lack of pride, the dignity you took
And it's become a forgotten chapter in this book

Grabbed you by the throat
It's time to take back control
Unlike yesterday, nothing's in my way

So sick and tired of waiting for answers
Can't take it anymore
You won't break me down
And now I crown you the King of Lies
That's something that I bet you recognize
Who will save you now

Nothing's in my way, It's my life
With nothing left to lose or sacrifice
I paid the price, the past is dead and gone
And it's time to stand up and fight

The past is dead and gone now
The past is dead and gone now
The past is dead and gone
