"Ways Of Love"

Waiting deep inside a heart
There is a gateway
Leading us to all the dreams
We're dreaming of
Seems that we have lost the key
To understanding
All we need is to
Believe in ways of love
New ways of love

If we only trust the way we feel
There so much to regain
There's mystery
There's magic
We can wash away all pain

Ways of love
You know we can't wait
Anymore
It's time to teach each other
Ways of love
Ways of love
You know we can't wait
Anymore
We can change the world we live in
All it takes is to believe in
Ways of love

The universe we share is simply
A reflection
A mirror of the many thoughts
We're thinking of
If we want to reach
The land of sweet perfection
All we need is to
Believe in ways of love
New ways of love

If we hold hands by the millions
We can make a mighty change
We can be a force for peace and love

That forever will remain

Ways of love
Send us flying high
We can touch our souls
We can touch the skies
Ways of love
Send us flying high
So high
