In a far away land bright lights are going down

reachin' out for a hand
cold hearts walking around.
With a gun at my side
I'm like a sacrifice

now I feel like I'm jailed
stop the crying
have I failed ?

No tears
no children filled with fear

life bringing war so near

no tears
no children fear

- like a story - like hand in hand

- pain and glory - please understand.

Running wild in war
dark nights go on and on

children wait by the door
this fighting feels so wrong

are we slipping away
remembering yesterday ?
Gotta live in our world
take away fear
have no tears.

No tears
no children filled with fear

life bringing war so near

no tears
no children fear

- like a story - like hand in hand

- pain and glory - please understand.

Running wild running wild in war
dark nights go on and on

children wait by the door
this fighting feels so wrong

are we slipping away
remembering yesterday ?
Gotta live in our world
take away fear
have no tears.

No tears
no children filled with fear

life bringing war so near

no tears
no children fear

- like a story - like hand in hand

- pain and glory - please understand.
