[Verse 1-Daz]

See I'm in it just for wit it  
And I'm in it for the long run  
Hang out the window lil' lower just for fun  
I catch it all of ratch get feeled get called up  
The shit I spit how shit get caught up  
Get rid crow bar before a person 14-5  
The shit niggaz gotta do try 2 get high  
As time fly by so quick so fast  
The dollars is big cash as I stacks my dash  
I burn some hush wit some indo hang my rain out the  
window  
Bullets flying just like missiles we the dawg  
We mob type shit when we guiling we blast  
As the job and then we dump him and slide him

Chorus: Daz

Its just the street life  
thats how we live as a kid  
Hoes,in drop top benz, having major ends (x2)

[Verse 2-Telly Mac]

(Its just the street life)  
We breakin' out no matter what we keep it high tech  
Flossin' on some benjamin' shit ready to strike, Mah  
niggaz bike it  
C-B yours and all your babys all the homies is crazy  
poka face  
Like Patrick Swayze  
Burner glooves, black beanies they can't see me  
America's nightmare white flags and treaty  
Cause' dust this we can't trust us they busk us,  
Pimps and hustla's trapped in they clutchus

Chorus (x2)

[Verse 3-JT Da Bigga Figga]

We knew, (Its just the street life)  
For real loc so you gotta hustla bitch make ends  
Don't fuck with no fake friends, you ride until the end

You claim to be the realist but you came to pretend  
Drink piss thought I was rich cause I was willin' in Benz  
Rolls royces, and date weed feelin' the hen(hen)  
And plus I rolls wit the squad drinkin' mob mend(mob  
mend)  
And plus a thug niggaz thugged out niggaz ready to  
play hard  
Pullin' your J-car still ridaz like Jay-R  
Ready to bust like a A-R, hang wit the way 4  
Leavin' anything movin' scarred, We Westcoast stars  
Spittin' million dollar porno's for ours  
Who the fuck wanna star not me I gotta get it  
I represent it, still stick to getting riches  
The world is endless nigga dis is how we livin'  
The street life (thats how we live as a kid  
Hoes,in drop top benz, having major ends)

Chorus (x2)

Fade to End
