This is the favor I'm asking
Don't believe what that say
If it gets in the way of
All of your eloquent answers
Cause there's no way to know
Just how long we could go for

Life favors no one but heroes define us

So today's the day we can that we can say that we
believe it
In the back of my mind there was a time I couldn't see it
Don't you think we owe it to ourselves
So Today's the day that we can say that we have seen it

Give up your comfortable silence
Cause you cannot afford to prolong anymore when
Success means failure's disaster
It's something everybody knows
We've got nothing to show for it
