Always had the best of everything  
Anything money could buy  
I go first class and I'll  
Live like a king till I die

I surround myself with treasure  
And devote each day to pleasure  
Until late at night  
This king begins to cry

[CHORUS]

And I have cried like a baby  
In the darkness of my room  
Nobody there to hold  
My trembling hand  
And I cried like a baby  
In the darkness of my room  
With nobody there  
To love or understand

In the comfort of my castle  
I have lived my life in style  
Let the troubled world  
Just up and pass me by

I surround myself with treasure  
And I fill each day with pleasure  
Until late at night  
This king begins to cry

[Repeat CHORUS]

In the hollow of an empire  
I've become a warrior king  
Hunting golden deals  
And million dollar schemes

When our fate has been decided  
And my souls been sub-divided  
I will cry alone for  
Half forgotten dreams

[Repeat CHORUS]

Cried like a baby  
In the darkness of my room  
Nobody there to hold  
My trembling hand

And I cried like a baby  
In the darkness of my room  
With nobody there  
To love or understand
