Well, I got up this morning
And I said good morning, Mr.Sun
I've been looking through
The raindrops much too long
I need someone

I can tell you where my mind's at
If you'll please just take the time
Cause it's such a lovely morning

Won't you walk with me
And talk with me while, Mr.Sun

I've been running all my life now
In search of something I can't find
I've been chasing rainbows
They're just visions in my mind

There's a lot of lonely people
Just like me who need someone
You see, everyone needs a friend
To walk with and talk with
Sometimes, Mr.Sun

Hey, Mr.Sun
You can change the night to day
You can chase away the rainbows
They're just illusions anyway

When I'm standing in the rain
You can come and be my friend
You can make the storm clouds break
And let the sun shine through again

And tomorrow when I'm dreaming
Of some mountain I will climb
You can tap me on the shoulder
Whisper to me from behind

Please remind me of the yesterdays
I tried but all alone

You can tell me
That's it's time again

To walk with you
And talk with you while, Mr.Sun
