Funny how so many moments slip away
The things I meant to say
I should have said them
All before today to
Jennifer, Jennifer

Funny, how you'd smile
And always understand
When I got out of hand

Have you forgotten
All the fun we planned
My Jennifer, Jennifer

And now you think
You're getting in my way
And all I wanna do
Is find you and remind you

But even if I may
Become a star someday
I'd give it all away if it meant
That I couldn't always stay
With Jennifer, Jennifer

So now I'm begging you
To come back home
You never have to be alone
We'll be as we were
My Jennifer
