Pretty little girl  
Standing on the corner  
Waiting for the bus to come

Driving in my car  
I waved, winked, and smiled  
Boy, I bet she thinks I'm dumb

I've been around this block  
About fifteen times  
I really don't know what to do

'Cause you're so lovely  
And I'm so lonely  
I wish that I could talk to you

Hey, little girl  
Waiting at the bus stop  
You really know you're looking fine  
Hey, little girl  
You're looking kind of pretty  
You know this isn't just a line

I said, hey, little girl  
Standing at the corner  
I'll go around just one more time  
Hey, little girl  
Standing at the corner  
I'm gonna try to make you mine

Sweet young thing just  
Standing at the bus stop  
And I've got no place to go

For just one smile  
I'd drive another mile  
And take her to the picture show

I'm getting dizzy driving  
Round this same old block  
Please come along with me and play

Or I'll drive you straight home  
Call you on the telephone  
I know there's got to be a way

Hey, little girl  
Waiting at the bus stop  
You really know you're looking fine  
I said, hey, little girl  
You're looking kind of pretty  
You know this isn't just a line

I said, hey, little girl  
Standing at the corner  
I'll go around just one more time  
Can't you hear me now

Hey, little girl  
Standing at the corner  
I'm gonna try to make you mine  
Come on, look at me

Hey, little girl  
Waiting at the bus stop  
You really know you're looking fine  
I'll do it one more time

Hey, little girl  
You're looking kind of pretty  
You know this isn't just a line

I said, hey, little girl  
Standing at the corner...
