Fire fire

You got it burnin', burnin'  
I keep you yearnin', yearnin'  
You got me so far gone  
There's no returnin', turnin'

So ladies move them hips from the left to the right  
'Round and 'round 'til that thing feel right  
Let it bounce let it pop to the sound of the beat  
'Cause the heat got us drippin' from our heads to our feet

I, I, I, I, I want you baby  
I ain't trippin' that fire drive me crazy baby

Fire fire  
Blaze it up ten time higher  
Make it burn like when fire catch kaya  
Fe smoke the highest grade my desire, woyo oh

And when it's burning  
And upside down the place turning  
And a 'nuff, 'nuff, 'nuff respect we earning  
Anytime we pass through people yearning for more

I feel the fire boy  
Make me feel tired boy  
Seems like I'm wired boy  
Make me perspire boy

Keep it scortching hot  
I'm like a sweat box  
We steaming up the spot  
Somebody call the cops

Work up an appetite  
Yeah baby get it right  
We'll do it all night  
Slap it, flip it, dim the lights

I, I, I want you baby  
I ain't trippin' that fire drive me crazy baby

Fire fire  
Blaze it up ten time higher  
Make it burn like when fire catch kaya  
Fe smoke the highest grade my desire, woyo oh

And when it's burning  
And upside down the place turning  
And a 'nuff, 'nuff, 'nuff respect we earning  
Anytime we pass through people yearning for more

Light it up and burn it down  
You just put those flames up  
Make it hotter now spark that thing  
We gettin' heated now, so, so hot we got uh whatcha  
needed now

Bust that shot and cock it back again  
Smokin' hot that's how we do it and  
Temperature is movin' up and up  
Fire fire, bring me up another cup

Fire fire  
Blaze it up ten time higher  
Make it burn like when fire catch kaya  
Fe smoke the highest grade my desire, woyo oh

And when it's burning  
And upside down the place turning  
And a 'nuff, 'nuff, 'nuff respect we earning  
Anytime we pass through people yearning for more

Fire fire  
Blaze it up ten time higher  
Make it burn like when fire catch kaya  
Fe smoke the highest grade my desire, woyo oh

And when it's burning  
And upside down the place turning  
And a 'nuff, 'nuff, 'nuff respect we earning  
Anytime we pass through people yearning for more
