Buggin' out todays agenda
Jessibel Cat and me, Belinda
Doin' our thang like we do it best
Always the more but nevertheless

Parties we get them started
So special but not retarded
Dig the groove I'll bring you a shovel
If you wanna see me then you better call hub bell

Get your boy to bring a telescope
The track so ridiculous I cant cope
In the club system boomin'
Feelin' so good you can't ruin

Vibes, I'm gonna make you feel 'em
Bring your troubles we'll see if we can heal 'em
Bless you once with the energy
Feel the beat and dance with me

Feel the beat system boomin'
Dig the groove we're abusin'
Feel the beat system boomin'
Dig the groove we're abusin'

Feel the beat system boomin'
Dig the groove we're abusin'
Feel the beat system boomin'
Feel the groove move

Hip house, I'm bringin' it back
Droppin' rhymes all over the track
I told this dude to speed it up
Pretend that I'm food and just eat it up

Things got slow and so I changed 'em
Took your old ideas a rearranged them
Made ya look back and remember
On the mic it's me Belinda

Hey mister Ripley believe it or not
When I rap to the beat I make it hot

Up in here make you all just scream
Things ain't always what they seem

Sometimes it's an illusion
The music is a drug and we're abusin'
Yep, it's us in the place to be
Here to make you D A N C E

Feel the beat system boomin'
Dig the groove we're abusin'
Feel the beat system boomin'
Dig the groove we're abusin'

Feel the beat system boomin'
Dig the groove we're abusin'
Feel the beat system boomin'
Feel the groove move

Verse three the end of the song
I could go on all night long
Opened your mind to a cool rap science
Got more game than the New York giants

Hotter than a kitchen appliance
Join forces for alliance
Just kick it out on the ave
Went from have not now I have

Got pretty clothes and a bank account
Deposit slips for big amounts
FannyPack track and we love boys
Taking out the suckers and all the toys

Move that's what I said
Feel the music up in your head
Spin around and grab some one
Now it's time to have some fun

Feel the beat system boomin'
Dig the groove we're abusin'
Feel the beat system boomin'
Dig the groove we're abusin'

Feel the beat system boomin'
Dig the groove we're abusin'
Feel the beat system boomin'
Feel the groove move
