This love is so much better
Than anything I've ever, ever, ever had, oh

There's not a better situation that I'd rather be in
Sometimes we go through some shit but you're still my
closest friend
And although we may fight boy and wanna go insane
The love that I have for you still remains the same

If I'd a listen to my best friends who said that you
wasn't my type
Then I would probably be just like them still searchin'
Looking for Mr. right
If I would listen to my family who said you not the right
one for me
Then I would probably be down and out no doubt
lonely, yeah

So you gotta, you gotta follow your heart when it
speaks
So bump what ya friends say, yeah
'Cause they might lead you the wrong way
You know when you're in love

You gotta follow your heart when it speaks
So bump what ya friends say, yeah
'Cause they might lead you the wrong way
You know when you're in love

I'm glad I stayed very patient instead of chasing
around
I coulda ended up on a dead end but boy I'm on the
right road now
It's not an accident, it's evident that baby we were
meant to be
The last relationship that I ever been in my friends
Said it was good for me

If I'da listen to my best friends they say that you
weren't my type
I would probably be just like them still searchin',
looking for Mr.Right

If I'da listen to my family who said that you weren't the
one for me
I'd probably be down and out and still lonely, yeah

You gotta follow your heart when it speaks
So bump what ya friends say, yeah
'Cause they might lead you the wrong way
You know when you're in love

You gotta follow your heart when it speaks
So bump what ya friends say, yeah
'Cause they might lead you the wrong way
You know when you're in love

Can't miss this opportunity to find someone so sweet
So I follow my gut baby, you're the only one for me
You are, you are, you are, you are, you are, you are,
you are, you are
You know when you're in love

You gotta follow your heart when it speaks
So bump what ya friends say, yeah
'Cause they might lead you the wrong way
You know when you're in love

You gotta follow your heart when it speaks
So bump what ya friends say, yeah
'Cause they might lead you the wrong way
You know when you're in love
