[Intro:]

Yes yes ya'll, we don't stop
Yes yes ya'll, we don't stop
Yes yes ya'll, we don't stop
Yes yes ya'll, we don't stop

[Verse 1:]

You make me wanna cook breakfast, you want it
You put it on me so good I feel I feel it in the air now
Now I feel so good you make me wanna hold
Know what I'm talkin bout, what I'm talkin bout baby

[Pre-Chorus:]

You light a fire deep inside this lady
It's burning out of control

[Chorus:]

You make me wanna love you
Even though this love might be the end of me
I can love me love you
Please, love is so good for me
Could be the end of me
And I can't help but love, love, lo-ove you
Lo-ove, lo-ove
Love, love, lo-ove you
I can't help but...

[Bridge:]

I lay here up in this bed
Tell my boss that I'm sick, cause I don't wanna leave
you darlin

[Verse 2:]

Can't stay away for long
I don't wanna keep you waiting
So good, I will fight if I have to
Got a nigga out here acting crazy yea

[Pre-Chorus:]

You light a fire deep inside this lady
It's burning out of control

[Chorus:]

You make me wanna love you
Even though this love might be the end of me
I can love me love you
Please, love is so good for me
Could be the end of me
And I can't help but love, love, lo-ove you
Lo-ove, lo-ove
Love, love, lo-ove you
I can't help but...

You make me wanna love you
Even though this love might be the end of me
I can love me love you
Please, love is so good for me
Could be the end for me

[Chorus:]

You make me wanna love you
Even though this love might be the end of me
I can love me love you
Please, love is so good for me
Could be the end of me
And I can't help but love, love, lo-ove you
Lo-ove, lo-ove
Love, love, lo-ove you
I can't help but...
