It's all good
It's all good, ooh

The things you told me uh, had me open I
Gave you somethin', I gave nobody else
Led me to believe you, had just what I need
Now I see it's game, got me draggin' my name

You put on a show, kept the music slow
Got all up in my ear, sayin' things that I love to hear
Tears came to my eyes but I'm not gonna cry
Everything that you ever said turned out to be all lies

It's all good
Didn't care that you broke my heart
It's all good
Let you have you hit and run but it's all good

You mistake my love for fun
Boy, you played the part just to get to my heart
It may hurt but it's all good
It's all good

You had her in my car like she was the star
Promised I would be if I satisfied all your needs
I feel like a fool 'cuz I trusted you
Did what I didn't wanna do just 'cuz you wanted me to

I gave you my, soul and my
Just don't know why
Couldn't not, recognize
You were about lies

All my girls out there
Just 'cuz he says he cares
You can't believe everything
That he spits in your ear

But it's all good
He didn't care that you broke my heart
But it's all good

You took my love for fun

But it's all good

Hey, I let you have you hit and run

Boy you played the part just to get to my heart

But it hurt, it hurt baby

Yeah yeah

Tell me it hurts, it hurts, it hurts

But it's all good

Played around with my heart

But it's all good

See Fantasia's from the hood

But it's all good

Hey yeah, ooh

But it's all good

It's all good, it's all good

it's all good
