Damn, she get to have it everyday  
What a lucky girl  
Mmm, but tonight I'll take her place  
I'm a lucky girl  
Damn, do you spread her legs this way?  
What a lucky girl  
Mmm, you're the King at this foreplay  
I'm a lucky girl

I know you got a girl and I know I'm wrong  
But, a hard man's good to find  
Yeah, she get to have it all year long  
So, can I just get the night?

Man, I hit the lotto  
It's like I rubbed a genie in a bottle  
And if I don't see you tomorrow  
I'm not mad, I'm still a lucky girl

Man I'm so lucky  
Man I'm so lucky  
Man I'm so lucky  
I'm such a lucky girl

Damn, she get to have this every night  
What a lucky girl  
Ooh, boy you hit that spot just right  
I'm a lucky girl  
Damn, you hanging mighty low  
What a lucky girl  
Ooh, your skills are like a pro  
And I'm a lucky girl

I know you got a girl and I know I'm wrong  
But, a hard man's good to find  
Yeah, she get to have it all year long  
So, can I just get the night?

Man, I hit the lotto  
It's like I rubbed a genie in a bottle  
And if I can't see you tomorrow

I'm not mad, I'm such a lucky girl

Man I'm so lucky  
Man I'm so lucky  
Oh, man I'm so lucky  
I'm such a lucky girl

I'm loving everything you do  
So I'm-a put it down for you  
I got a special treat for you  
So I guess that makes you lucky too  
Ever since you made your move  
I feel like I found my four-leaf clover  
Just want to hold you  
Hate to send you home  
But, still I feel so lucky

Hit the lotto  
Genie in a bottle  
See you tomorrow  
And if I can't see you tomorrow  
That's okay baby, I can hold you now

Man I'm so lucky  
Man I'm so lucky  
Oh, man I'm so lucky  
Oh, lucky baby
