[Intro:]

The world says that this love is not good for me  
But my heart says that it is.  
I never loved like this before!

You've been like seeing the sun for the first time  
Like I just did a hard time  
And no one to protect, just will  
You make my problems disappear!

Bridge:

Oh, oh, this is love, boy  
You're too much!  
Oh, oh, this is love boy, and you're too much  
And we're in the club and the beat has dropped  
It's what you do to me!

And you'll be reading my mind  
And all you've seem it's my lines  
You take your time, you don't rush me  
But I don't know when you touch me

Bridge:

Oh, oh, this is love, boy  
You're too much!  
Oh, oh, this is love boy, and you're too much  
And we're in the club and the beat has dropped  
It's what you do to me!

Chorus:

I'm a lady, I'm a woman  
I'm a lover, I'm a daughter  
But when I'm with you I have powers  
Supernatural, the love is ours!  
Oh, baby, this how you make me feel  
Baby, this how you make me feel  
Baby, this how you make me feel  
This what you do to me!

And you've been changing our lives  
A love like... but we shine

It's like you take control of me  
The.. won't take till you will touch me on

Bridge:

Oh, oh, this is love, boy  
You're too much!  
Oh, oh, this is love boy, and you're too much  
And we're in the club and the beat has dropped  
It's what you do to me!

Chorus:

I'm a lady, I'm a woman  
I'm a lover, I'm a daughter  
But when I'm with you I have powers  
Supernatural, the love is ours!  
Oh, baby, this how you make me feel  
Baby, this how you make me feel  
Baby, this how you make me feel  
This what you do to me!

K.R.I.T

I'm done to go to war for this love we got  
Fight on the field of light  
Fly, but all the shots that haters take.  
Why bring formation, we own the field  
This is ain't rocket science, we should just do the math,  
one plus one  
It equals the world and all those things beyond  
If it gets harder to breathe, I'll be the air in your lungs  
Put my life on the line, I do you right every time  
Cause what we got is sublime and you shine!  
Like it's ten years later  
But if you ever need each other from the worries of the  
world  
I'm the one that you should run to, baby  
You make me sing the beats  
It's power in our fingertips  
There ain't no other love like this!  
I prove it we do it like.. other time  
And it's just ... been undercover  
I know you're the type of queen that I take to meet my  
mother  
And the type of freak that give me...

Chorus:

I'm a lady, I'm a woman  
I'm a lover, I'm a daughter  
But when I'm with you I have powers  
Supernatural, the love is ours!  
Oh, baby, this how you make me feel  
Baby, this how you make me feel

Baby, this how you make me feel  
This what you do to me!  
This what you do to me, baby!  
Oh, oh, oh
