### Verse 1

Ran off like, you just touchdown,  
With no hellos or no ones there  
To greet you with a smile  
Drivin down the road, youre homeward bound  
Yeeah , but baby home is where the heart is  
And thats what hurts the hardest  
Who will warm up your pillow  
Who gone cook you youre dinner and say  
Damn I missed you babe

### Chorus

Whos been lovin you  
Whos gonna hold your hand and kiss your face  
Like I use to do (oh baby)  
Whos been lovin you  
Tell me whos been there to hold and comfort you  
Like I do, like I do, like I do  
Been lovin you  
Like I do, like I do, like I do  
Been lovin you, like I do  
Yeah Yeah Yeah

### Verse 2

You spend your nights alone, your bed is cold  
Your soul it aches, your heart it breaks  
And no one even know  
And its like your at an all time low  
Yeeeahh  
Still got the pictures up and its so tough  
Tough to let it go  
Who will warm up your pillow  
Who gone cook you youre dinner and say

Damn I missed you babe

### Chorus

Whos been lovin you  
Whos gonna hold your hand and kiss your face  
Like I use to do (oh baby)  
Whos been lovin you  
Tell me whos been there to hold and comfort you

Like I do, like I do, like I do  
Been lovin you  
Like I do, like I do, like I do  
Been lovin you, like I do

#### Bridge

Cause I can be the raindrops on your window  
I can be right there when clouds are gone  
Love to the rescue im your hero  
Rest inside me, im gone keep you warm

#### Chorus

Whos been lovin you  
Whos gonna hold your hand and kiss your face  
Like I use to do (oh baby)  
Whos been lovin you  
Tell me whos been there to hold and comfort you  
Like I do, like I do, like I do  
Been lovin you  
Like I do, like I do, like I do  
Been lovin you, like I do
