*[Verse 1:]*

Watch when they walk by  
Guys get the wondering eye  
They rather get smacked then not look back  
Tell you whats up with that

They see that wobble wobble  
Shaped just like a cola bottle  
Thought you was a model  
Itty bitty waist  
Hip-hips all in they face

*[Hook:]*

Thats gonna get them boys in trouble  
Get his attention on the double  
She got a walk so mean gotta see it to believe  
(hey)

*[Chorus:]*

She got them  
Baby makin hips  
Ba baby baby makin hips  
She got them baby makin hips  
When she walk they watchin and she knows it  
She got them baby makin hips  
Ba baby baby makin hips  
Watch her watch her work them curves  
Dont be mad you got some nerves

*[Verse 2:]*

Strut without a care  
Gloss them lips slick back that hair  
That suit fits you like a mitten  
Got them wishing picturing you with them  
Caught em watching  
Like that dude i bet you got em  
Wrapped around your french manicure finger tips  
That boy like em thick

*[Hook:]*

Thats gonna get them boys in trouble  
Get his attention on the double

She got a walk so mean gotta see it to believe  
*[Chorus:]*  
She got them  
Baby makin hips (she got)  
Ba baby baby makin hips (we got)  
She got them baby makin hips (and when she walks)  
When she walk they watchin and she knows it  
(they watching yes they watching)  
She got them baby makin hips (we cant help it)  
Ba baby baby makin hips  
Watch her watch her work them curves (oohhh yeah)  
Dont be mad you got some nerve

*[Verse 3:]*  
You gotta feel like he really wanna get it  
If he with it then you get em and go, go  
Just put it on em to late to warn him  
Time to show them boys how you roll  
Thats it, thats it just like that (come on girl)  
Thats it, thats it just like that (work em out)  
Thats it, thats it just like that (yeah)  
Wait a minute  
Better hold him with those

*[Chorus:]*  
She got them  
Baby makin hips (baby)  
Ba baby baby makin hips (baby makin)  
She got them baby makin hips (ooh wee cutie)  
When she walk they watchin and she knows it  
She got them baby makin hips  
(she got em, she got em)  
Ba baby baby makin hips  
(we got em, we got em)  
Watch her watch her work them curves  
Dont be mad you got some nerve (ooh wee cutie)
