Whoa, I know you
Fantasia

26's on the hummer girl ever seen those
Till you seen my closet, you ain't never seen clothes
Three quarter minks to canary minks stole
When a time stay in and out of these stores

Phinzle Fantasia off the chain
Sho'nuff sound made ya, ain't it man?
Girl, you the greatest, do ya thang
It's so contagious, shorty sang

Baby, we need to talk, not tryna start a fight
But something with us is wrong and you cannot deny it
Please forgive me for sayin'
But I'm feelin' like maybe a heart ain't in it lately
It's gon' hurt me but I gotta tell you

Baby, it's ridiculous, why we don't talk that much
And I love you and I'll give you all I got
I'm in your corner but ya don't act right
I'm tryna love you but ya don't act right
Baby, please tell me when ya don't act right
'Cause every other day you don't act right

Whatever it is let's put it to rest, let's put it to rest
Because I'm flat out, tired and burn out from all the
stress you give me
You, know you ain't never had a woman better
But you know whenever you do these things to you
I wish you'd come out and tell me what did I do to you

Like I was so bad
Made you forget all the times I stood by your side
Baby, I'm really, really second guessing
The conversation and on top of that your hesitation
When I say how I love you and you can't seem to find
the words

Baby, it's ridiculous, why we don't talk that much
I love you and I'll give you all I got

But baby, I'm in your corner but ya don't act right
I'm tryna love you but ya don't act right
Baby, tell me when ya don't act right
'Cause every other day you don't act right

Slow down
Baby, can we please just work it out?
All I want to do is talk it out
I promise we don't have to duke it out

Slow down
And, baby, can we please just work it out?
All I want to do is talk it out
I promise we don't have to duke it out

J to the a-z-z to the e
They think I don't love you, we finna see
Girl you the truth, me, I'ma sad one, we a good love
This such a average I know ya sensitive, I understand
You, baby, girl yes, yes, I'm ya man

No, I ain't come here to argue or hurt you
Yes, show you love like a that father
Birth you so, so into you ain't ain't gotta cheat
Everything I want, everything I need
Girl, you're my idol, had to lace ya
We a good love, Fantasia

Baby, it's ridiculous, why we don't talk that much
And I love you and I'll give you all I got
But I'm in your corner but ya don't act right
I'm tryna love you but ya don't act right
Baby, please tell me when ya don't act right
'Cause every other day you don't act right

Baby, it's ridiculous, why we don't talk that much
When I love you and I'll give you all I got, baby
Don't act right, you don't act right, don't act right
You don't act right, don't act right, yeah, don't act right

Let's go hey, let's go ladies and gentlemen
Ladies and gentlemen you are now tuned in to the best
Phizzle a jazze phizzle productshizzle
Phizzle, phizzle, phizzle phizzle, phizzle
