[Verse 1]

All the suns aligning, it feels perfect,
Melodies and verses flowing through my mind.
I wanna lean in for a kiss, I know it's worth it,
I barely know you baby, but I know it's time.

[Chorus]

You see the way the strobe lights are dancing,
I look in your eyes and I feel like falling in love tonight
(tonight)
Falling in love tonight,
And baby I'm not fore-taking chances (romance is in
the air)
Feel like falling in love tonight,
Falling' in love tonight (I hope you're ready baby)
And when the moon gets high, let's start with some
kissing
(Falling in love tonight)
I heard the wind whisper your name in the air(falling in
love tonight)
Last night you're the one I was missing (falling in love
tonight)
But tonight you're standing right there (falling in love
tonight)

[Verse 2]

It's like a movie, the DJ plays the soundtrack,
And I feel like I found that man who owns my heart.
I shoulda knew it, the moment that you blew in,
You know what you're doing, the best part is about to
start.

[Chorus]

You see the way the strobe lights are dancing,
I look in your eyes and I feel like falling in love tonight
(tonight)
Falling in love tonight,
And baby I'm not fore-taking chances (romance is in
the air)
Feel like falling in love tonight,
Falling' in love tonight (I hope you're ready baby)
And when the moon gets high, let's start with some

kissing
(Falling in love tonight)
I heard the wind whisper your name in the air (falling in
love tonight)
Last night you're the one I was missing (falling in love
tonight)
But tonight you're standing right there (falling in love
tonight)

And it's like I'm up on
'Cause I know I found my,
I really think I found my in these clouds,
Caught up in a trance here,
When I saw you stand there,
I think I'm ready baby,

[Chorus]
You see the way the strobe lights are dancing,
I look in your eyes and I feel like falling in love tonight
(tonight)
Falling in love tonight,
And baby I'm not fore-taking chances (romance is in
the air)
Feel like falling in love tonight,
Falling' in love tonight (I hope you're ready baby)
And when the moon gets high, let's start with some
kissing
(Falling in love tonight)
I heard the wind whisper your name in the air (falling in
love tonight)
Last night you're the one I was missing (falling in love
tonight)
But tonight you're standing right there (falling in love
tonight)
