* talking *

aw man, you never guess what i heard today,
the crazy part about it is who i heard it from, it was
somebody
that i really really care about
he said

[verse 1]

(he said that i'll never)
find someone to give me love, find someone to put up
with my ways
i'm alright, i don't need anyone, feels like i deserve
better anyway

(pre-chorus)

so i'm cool (i'm cool)
and you're lost (you're lost)
i feel like i'm gonna be better off
without you (without you)
so goodbye (goodbye)
i'mma survive

(chorus)

i on the edge of my bed, holding my head
wishing that me and you ain't never met
i'm tossing and turning, holding my pillow
thinking of the last thing that you said

you said that i never ever ever ever
never find nobody better (x2)

[verse 2]

get out of this time
get out of this plce
said that i'll never put a smile on my face
so now i'm fine
yet i'm doing great
if only you realize you made a huge mistake

(pre-chorus & chorus)

[bridge/breakdown]
find someone new
who's better than you
never find somebody to love me for me
(said that i'll never)
never find someone cool
never find someone true
well baby you just wait and see
(said that i'll never) x2

(chorus)

i'm better now and i'm stronger now
you don't even have to call my phone
i'm okay with being alone, heeeey
you said, said that i
you said i never
i'm telling you now, i'm better
i'm telling you now, i'm stronger
life goes on and on and on and onnn
