I'm not scared if I bleed (oh na na)
If a tear it proves to me (oh na na)
The love I shared was worth every drop (drop, drop,
drop)
Lord knows I don't want this to stop, no

Chorus:

I wanna go in deep with you
I wanna go in deep with you
I wanna feel your scars
And cherish every flaw
I wanna go in deep with you

I wanna dig my nails into you (oh na na na)
Strip you down to your truth (oh na na na)
Pay your dark side,
I take your sunshine through (oh na na na)
I'll let you inside and you can have mine, too (oh)

Chorus:

I wanna go in deep with you
I wanna go in deep with you
I wanna feel your scars
And cherish every flaw
I wanna go in deep with you

I wanna go in deep (oh oh oh)
I wanna go in deep (oh oh oh)
Yeah, with you
I wanna go in deep (oh oh oh)
I wanna go in deep
Hey, with you!

Chorus:

I wanna go in deep with you
I wanna go in deep with you
I wanna feel your scars
And cherish every flaw
I wanna go in deep with you
