If it ain't me and my momma getting' to it  
Then it's my job and how I may lose it  
And if it ain't that it's you, you, you

If it ain't dealin' wit' drama from my girlfriends  
It's tryin' to figure out how to make ends meet  
And if it ain't that it's you, you, you

I remember them times when I'd run and tell you  
When things would happen  
You would hold me and say something like  
Baby, everything gon' be alright

Oh, havin' moments with you made me feel like  
Things would get better  
Now when I get some bad news here lately  
It's all about you

And I can do bad all by myself but that  
Don't mean I want to so, I think it's time that I'm solo  
'Cause you're really takin' me so low, so low  
I don't wanna go

I been in this and I needs to get out and now  
Is the time to tell you that I'm 'bout to go solo, solo  
'Cause you're really takin' me so low, so low

If it ain't the car breakin' down  
Or something in the crib  
Then it's them boys hustlin' where I live  
(Oh god)

If it ain't that it's you, you, you  
And if it ain't somebody hatin'  
Somebody waitin' for my downfall  
I try to stand tall

And if it ain't that it's you, you, you  
(You, you, you)

I remember them times when I'd run and tell you  
When things would happen

You would hold me and say something like  
Baby, everything gon' be alright

Oh, havin' moments with you made me feel like  
Things would get better  
Now when I get some bad news here lately  
It's all about you

And I can do bad all by myself but that  
Don't mean I want to so, I think it's time that I'm solo  
'Cause you're really takin' me so low, so low  
I don't wanna go

I been in this and I needs to get out and now

'Cause you're really takin' me so low, so low

And if it ain't that it's you, you, you  
(You, you, you)

Oh, havin' moments with you made me feel  
Like things would get better  
Hey, but every time I hear some bad news  
Here lately it's all about you, hey  
(Hey, hey, hey)

Said I'm so tired and the things that you do  
The things that you're doin' to me, hey

And I can do bad all by myself but that  
Don't mean I want to so, I think it's time that I'm solo  
'Cause you're really takin' me so low, so low  
I don't wanna go

I been in this and I needs to get out and now

(You, you, you)
