Verse 1:]

I put your picture on my note book,
Start to blush when somebody say's your name
In my Stomach theirs a pain
See you walking in my direction I go the other way
I start to studder when i Speak
Try to stand but my knee's go weak
What happening to me in the back can you tell me that
this mean
I lay my head on my pillow
Show a star for a Sang
Is this the Reason why

[Chorus:]

Your always on my mind
When you come around I'm shy
when i see you, when i see you
Never no when youu might walk by
so I gotta be right on time
when i see you wheni see you

[Verse 2:]

I scibble X and O's in my notebook
checking how my hair and nails look
I feel my self in the zone
I get nerves when you call
so i say im not home
I see your face when i here my Favorite song
Should i Send a email at home
Your the number 1 topic on the phone,
I wonder if you know od do you have a clue
I ley my head on my pillow you got me staring out the
window
Show a star for Sang
What the reson Yeah...

[Chorus]

A Something Now is taking over me,
Yeah yeah yeah yeah yeah
Im not going run now just go to stand here yeah

Ooooo
