[Verse 1:]

I put your picture on my mirror,  
Start to blush when somebody say's your name  
In my Stomach there's a pain  
See you walk in my direction I go the other way  
I start to stutter when I Speak  
Try to stand but my knee's go weak  
What's happening to me  
In the dark can you tell me what it means  
I lay my head on my pillow  
Staring out the window  
Wish on a star for a sign  
It's the Reason why

[Chorus:]

Your always on my mind  
When you come around I get shy  
When I see you, when I see you  
Never know when you might walk by  
So I gotta be right on time  
When I see you when I see you

[Verse 2:]

I scribble X and O's in my notebook  
Checking how my hair and nails look  
I feel myself up in a zone  
I get nervous when you call  
So I say I'm not home  
I see your face when I here my Favorite song  
Should I Send an email at home  
You're the number one topic on the phone,  
I wonder if you know or do you have a clue

I lay my head on my pillow  
You got me staring out the window  
Wish on a star for a sign  
What's the reason why Yeah...

[Chorus]

Your always on my mind  
When you come around I get shy  
When I see you, when I see you

Never no when you might walk by  
So I gotta be right on time  
When I see you when I see you

Something now is taking over me,  
Yeah yeah yeah yeah yeah yeah  
I'm not going run  
I'm just goin to stand here and see yeah  
Ooooohhh  
Yeah

[Chorus x2]  
Your always on my mind  
When you come around I get shy  
When I see you, when I see you  
Never no when you might walk by  
So I gotta be right on time  
When I see you when I see you
