Saturday's been the first day of the weekend with you,  
You will lay close to me  
Sunday, how you once a day should linger with me  
Somehow, way I'm in too deep.

Monday, I was thinking every second of you  
Trying to raise a nice thought  
Tuesday I never thought about you for a moment  
At the movies with my friends,

My life is based on wisdom  
There is no doubt.  
So long for rainy dangers  
My secret's out

Wednesday I just let the world pass on by me,  
Till the daisy had to nap,  
Thursday kind of left me feeling so unhappy  
And my head's about to snap.

My life is based on wisdom  
There is no doubt.  
So long for rainy dangers  
My secret's out

My emotions  
And my theories  
My desires  
My confliction.

Friday and I got to be the days without you  
God, you are the man to date  
Saturday's been the first day of the weekend with you;  
We stayed up and talked till late

My emotions  
And my theories  
My desires  
My confliction.

My emotions

And my theories  
My desires  
My confliction.

Sunday found you lying there in bed beside me,  
Sure you started in to feel  
Monday, didn't even want to lift a finger  
You were just fantastique.

My life is based on wisdom  
There is no doubt.  
So long for rainy dangers  
My secret's out

All at once it all becomes so obvious  
To me  
That we'll have to be strong  
All I have to set you free

The chucking!

Sunday I cannot believe that you are not here  
I am leaving in a haste.  
Sunday hasn't been the same without you;  
I don't know what day it is!
