I see the headline news, the stories that I read do not  
affect me,  
directly,  
It's hard to feel that they are real, I end up gazing at  
the words.  
I see the evening news, reports that they are showing  
are depressing,  
distressing,  
But even so, I'm not involved I end up staring at the  
screen....

But you spring mind  
You make me think hard  
I suddenly start  
To take things to heart  
You color my world  
A little more ever day  
Seeing clearer now

Don't you know  
I'm thinking of you  
You make me think hard  
I feel the surprise  
Reality bites  
A breath of fresh air  
A little more every day  
Seeing clearer now

The politicians quarrel, journalists rejoice  
in every scoop that they're making,  
For dirty news gets great reviews, and profits soar into  
the sky.  
A famous actor dies, the photographs they take of  
friends  
in mourning appall me;  
I close my eyes, don't recognize the pain I'm seeing  
every day.

You speak your mind  
You make me think hard  
I saw on the start

You think it's too hard  
You color my world  
A little more ever day  
Singing clearer now

Don't you know  
I'm thinking of you  
You make me think hard  
I feel the surprise

Reality bites  
A breath of fresh air  
A little more every day  
Singing clearer now  
Don't you know! (echoes)

As you regret  
We feel no sorrow  
We do our best  
To face tomorrow.
