Here comes the darkest
Cloud in the sky
Rain comes showering down
Just as I went out

Here comes the darkest
Cloud in the sky
Shadows all over me
Just as I saw light

You told me everything was fine
You fooled me into confidence
Now I can't sing this song to you

Your time has come to an end

You could not endure the pain
So instead
I'll sing this song for you

Here comes the whispering
In my head
'Wasn't your fault' it says
'It's something that had to be done'

Here comes nothing at all
It passes through my mind
Leads me to your world
