So what if I was your lover  
A thousand time before you and all the others  
Still doesn't make me a whore  
Still doesn't make me yours

You try to say it's what happened  
That you were there well, so was I said  
You're mine, I know this now  
I'll tell you something

You wear it so well  
You wear it  
You wear it so well

[Incomprehensible]  
You wear it so well

You're up here with angels  
You look like hell  
I'm not going down with you now

Well, baby, you wear it so well  
You wear it so well  
You wear it so well

You're up here with angels  
You look like hell

You wear it so well  
You wear it  
You wear it so
