Love is for all, for all, for all, for all  
I spend a lot of time looking for a better day  
Changing looking like it's many years away  
Slowly, slowly getting closer as my hope takes over for  
all  
La-la-la-la  
I'm pushing to the limit through the pouring rain  
I see my parents work hard through the tears and pain  
I guess we all do the same, let your dreams lead the  
way for all  
La-la, yeah  
I wear my heart on the sleeve and I'm not the only  
one  
(I'm not the only one)  
I always get back on my feet and I'm not the only  
one  
(I'm not the only one)  
I learn to cherish every moment now, I'm not the  
only one  
(I'm not the only one)  
As long as we're together, you'll never feel  
alone, at all  
Chorus:  
Love is for all  
Life is for all  
Dreams are for all  
Hope is for all  
Feel the love from everybody in the crowd now  
This is for you all, this is for all  
Love is for all  
Life is for all  
Dreams are for all  
Hope is for all  
Feel the love from everybody in the crowd now  
This is for you all, this is for all

Sometimes I sit back, relax and enjoy the feeling  
If I'm living, oh I'm barely living, oh I'm still  
breathing,  
Today is something different, I woke up on the good  
trip  
But the next part of my life where I could flip the world I

live in

And now the sun is shining in my face

The doors are all well opened, will never close again

I do it for the love and let my dreams lead the way for

all

La-da

I wear my heart on the sleeve and I'm not the only one

(I'm not the only one)

I always get back on my feet and I'm not the only one

(I'm not the only one)

I learn to cherish every moment now, I'm not the only one

(I'm not the only one)

As long as we're together, you'll never feel alone, at all

Chorus:

Love is for all

Life is for all

Dreams are for all

Hope is for all

Feel the love from everybody in the crowd now

This is for you all, this is for all

Love is for all

Life is for all

Dreams are for all

Hope is for all

Feel the love from everybody in the crowd now

This is for you all, this is for all

Dancing till we up to the top, you get up

We're strong enough that nothing will stop, now get up

Don't ever let your energy drop, get up

And everybody throw your hands up

Dancing till we up to the top, you get up

We're strong enough that nothing will stop, now get up

Don't ever let your energy drop, get up

And everybody throw your hands up

Chorus:

Love is for all

Life is for all

Dreams are for all

Hope is for all

Feel the love from everybody in the crowd now

This is for you all, this is for all

Love is for all

Life is for all

Dreams are for all

Hope is for all

Feel the love from everybody in the crowd now  
This is for yâ€™™ all, this is for all
