I can see you in the dark
I see you hi-hi-hiding away
mmm I can feel you in the dark mist
and all the little games you play
I can read your dirty mind
thinking you got sh*t won't fly with me
boy I'm on you like a polygraph
Love to hard
still this is what I see

(Chorus)

I know you when you can't lie
No baby you can't lie
You run but you can't hide
I see you where you're pulling
The wool over my eyes
The wool over my eyes
Lights out
Go crazy
Lights out
Go crazy
Go crazy
Boy I got a PhD
I got masters in boy-ology
My sidekick Psyci call her
What you wanna
But I'm on it
I'm on ya
Made you think that she's the one
Then she'll wake up and then you're gone
You got the many tricks in your hand
Wrong name, wrong number got it all planned

(Chorus)

I know you when you can't lie
No baby you can't lie
You run but you can't hide
I see you where you're pulling
The wool over my eyes
The wool over my eyes
Lights out
Go crazy

Lights out
Go crazy
Go crazy

Far East Movement
Hide and seek
made you peak
Put you to sleep
Like Quashi
Wrap my tie around your neck
That's what I call a freak on a leash
Help yourself, grab my belt
Pull my pants straight to hell
Oh my God Natalia Kills
This must be how heaven feels

(Chorus)
I know you when you can't lie
No baby you can't lie
You run but you can't hide
I see you where you're pulling
The wool over my eyes
The wool over my eyes
Lights out
Go crazy
Lights out
Go crazy
Go crazy
